# **KALTURA VIDEO SOLUTIONS FOR GOVERNMENT**

*VIDEO SOLUTIONS THAT TRANSFORM GOVERNMENT IN THE 21ST CENTURY*

Video technologies are transforming the way we communicate, share knowledge, learn, and collaborate. Global, national, and local governments and NGOs are experiencing new opportunities and challenges in video, mobile, social and cloud. Kaltura's video solutions, already in use by millions of end users, allow government and public sector agencies to capitalize on these trends and provide secure and reliable video anywhere on any device. Kaltura modernizes the way government institutions communicate and collaborate internally, as well as the way they engage with millions of citizens online.

---

## **INTERNAL COMMUNICATIONS AND COLLABORATION**

Build organizational knowledge and improve team productivity and collaboration through video creation and sharing. Allow staff to broadcast live events, share ideas at scale, and collaborate within geographically dispersed teams.

---

## **TRAINING & KNOWLEDGE SHARING**

Onboard and train staff and contractors, faster, cost effectively and with better learning results. Slash travel costs, launch remote training sessions, and provide searchable training video libraries to scale training and knowledge sharing in your organization.

---

## **FEDERALTUBE VIDEO PORTAL**

Launch a secure video portal to boost staff communications, knowledge sharing, collaboration, training, and public engagement. Users create, share, search, browse, and watch videos, video presentations, and screencasts, with powerful control and governance..

---

## **GOVERNMENT COMMUNICATIONS & PUBLIC ENGAGEMENT**

Launch a secure video portal to boost staff communications, knowledge sharing, collaboration, training, and public engagement. Users create, share, search, browse, and watch videos, video presentations, and screencasts, with powerful control and governance..

## INTERNAL COMMUNICATIONS & COLLABORATION

- Video portal for collaboration and communications
- Live events broadcasting
- Video extensions for SharePoint and internal portals
- Integrations with web-meeting and video-conferencing tools
- Central repository to eliminate siloed asset management
