09:30 AM - 10:00 AM

Starting line

Sign in, say hello, grab some coffee.

10:00 AM - 10:15 AM

Start your engines!

Let's kick things off with a few opening words from the Kaltura team.

10:15 AM - 10:45 AM

Keynote: The Promise of Video

Speaker: Melissa Highton, University of Edinburgh

What do we expect from our media platforms? What do our students and users expect? How can we ensure that the promise of a generation of video is realised?

Melissa Highton is Assistant Principal and Director of Learning, Teaching and Web Services at University of Edinburgh. She will take a look at how video services have evolved in universities over the last 10 years, transforming the staff and student experience. She will highlight case studies of success, draw lessons from experience and make suggestions for the rapidly approaching future.

10:45 AM - 11:05 AM

Using AI to Train Future Educator

Speakers: Tom Foster, University of Sheffield, and Arnaud Dressen, Wonda

This Summer, a group at Sheffield University's School of Education teamed up to create a new type of learning simulation using Wonda AI new capabilities. The goal: to engage future educators into a student support scenario where they can interact with multiple AI characters playing the professional roles that they are training to become (education psychologist, a teacher, a social worker).

11:05 AM - 11:25 AM

Customised Media for Online Learning at King's Digital

Speaker: Annora Eyt-Dessus, Kings College London

King's Digital is King's College London's in house online learning team, creating quality online educational experiences for thousands of students. We'll aim to share the types of multimedia we use, how we manage this, as well as outlining the technical work we've done to customise the styling of Kaltura videos in Moodle to make our audio and video content the most accessible and engaging for our students.

11:25 AM - 11:40 PM

Pit stop #1

Time to hydrate, etc.

11:40 PM - 12:00 PM

Create Smart Content With AI

Speaker: Ofer Familier, GlossAI

Ofer will demonstrate how AI can be used to create smart educational content and maximise the use of your existing content whilst saving time and money on post-production.

12:00 PM - 12:30 PM

Virtual Events Made to Fit

Speaker: Adriana Adiji, Middlesex University

As a Communications Manager for Academic Practice, Adriana runs multiple virtual events throughout the year. She will share her best tips to ensure events go smoothly, how to engage the audience and how to project manage without an overhead. She will also showcase her recent event on the Kaltura platform.

12:30 PM - 01:30 PM

Time to refuel (aka Lunch)

Eat, drink, and connect with colleagues, partners, and Kaltura experts.

Lunch

01:30 PM - 02:00 PM

Keynote: The Quest for Student Success

Speaker: Prof Susannah Quinsee, University of London

Come on a journey where we consider higher education as an adventure. Where we ask - how can technology increase the success of our students? Do students even want to use technology to support their education? How can we encourage staff to engage in different ways of delivery? Susannah, VP of Digital and Student Experience, will look at the different needs of students through the lens of educational technology and explore, interactively, the opportunities and challenges that we have to support staff to create better learning experiences for all.

02:00 PM - 02:45 PM

Panel: Thought-leadership roundtable discussion

Your opportunity to ask industry experts questions on digital transformation, the potential for gen-AI in HE and future proofing for next generational learners.

02:45 PM - 03:00 PM

Pit stop #2

Time to hydrate, etc.

03:00 PM - 03:45 PM

The road behind us and the road ahead: Kaltura product insights

Speakers:

Ben English, Senior Solutions Engineer, Kaltura

Zoe Fiddes, Senior Director, Customer Success, Kaltura

Let's take a look at what we've accomplished in the past academic year, then step on the gas toward the road ahead. Expect to see demonstrations and sneak peeks into the future of higher education and ed-tech.

03:45 PM - 04:00 PM

Crossing the finish line

Kaltura wrap-up & closing remarks.

04:00 PM - 05:30 PM

Drinks

Join us for drinks and refreshments before your journey home.
